

Company Profile

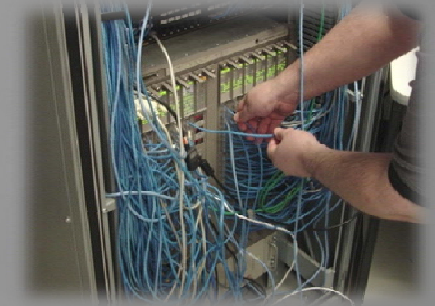

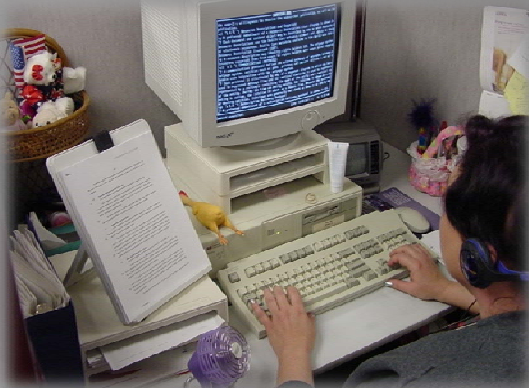

Laducer is a 100% American Indian-owned and operated business dedicated to providing the highest quality of computerized information management services.

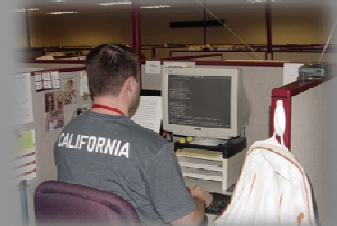

We specialize in large-scale information processing (specifically data entry and data capture), and take great pride in our unbeatable rates of accuracy and overall customer satisfaction.

Laducer is continually in the process of improving our operations and updating our technology. We are open and excited to explore new business opportunities and welcome all inquiries.

Laducer is in the business of providing labor-intensive information management services. These technology-based services, along with stringent quality control measures, are developed exclusively for each contract.

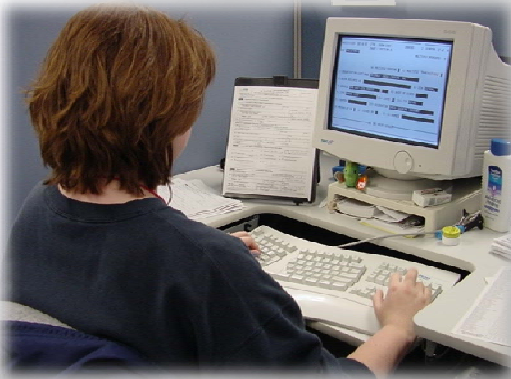

We work hand-in-hand with our clientele through all stages of design and production to ensure that we meet and exceed all expectations.

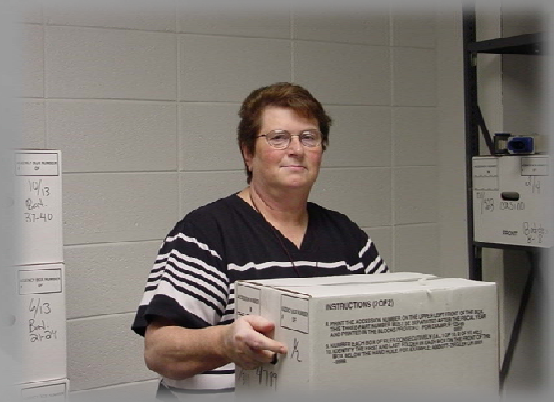

The key facets that set Laducer apart from our competition are the quantity and quality of the services we provide.

Our data processing personnel includes over 275 employees who possess a level of speed and accuracy that is second to none in the industry.

In fact, Laducer currently exceeds 22 million keystrokes per day with less than a 0.5% error rate.

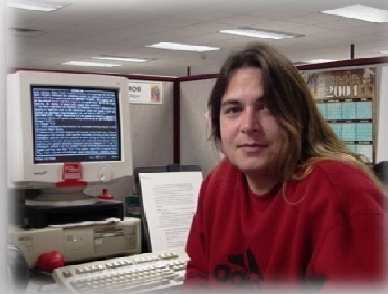

Our goal at Laducer is simple – extraordinary service as we provide our customer's needs in the information technology industry. We accomplish this by taking over the tasks and by partnering with organizations that have the finest reputations for quality.

Laducer's values and beliefs require that we:

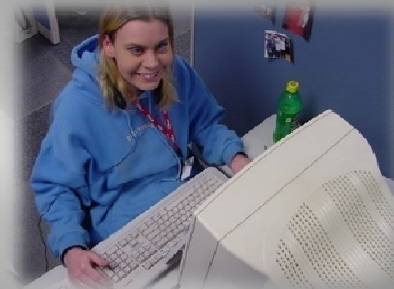

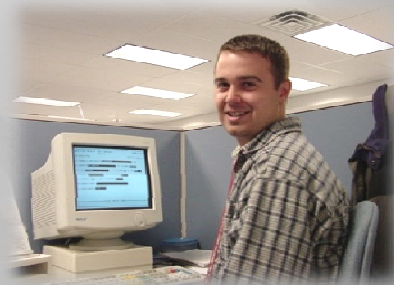

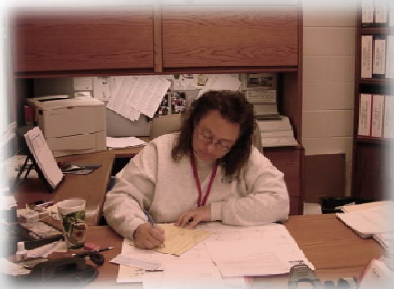

- ▣ *Treat each employee with respect and give them an opportunity for input on how to continually improve our service goals;*

- ▣ *Provide the most effective and efficient correction action, to resolve customer service issues, to ensure our customers satisfaction and that the problem not be repeated in the future. In this way, Laducer maintains our leadership position in the industry;*

- ▣ *Deliver competitive, impeccable service to our customers, and where required, partner our customers with vendors who share our mission vision; and*

- ▣ *Make “do it right the first time” our commitment as a team and our only way of doing business. This commitment will assure continued growth and prosperity.*

KEYS TO SUCCESS

Laducer operates 4 onsite and 1 offsite secured production environments. Each area is treated as a separate operation and employees are designated to individual contracts.

SECURITY

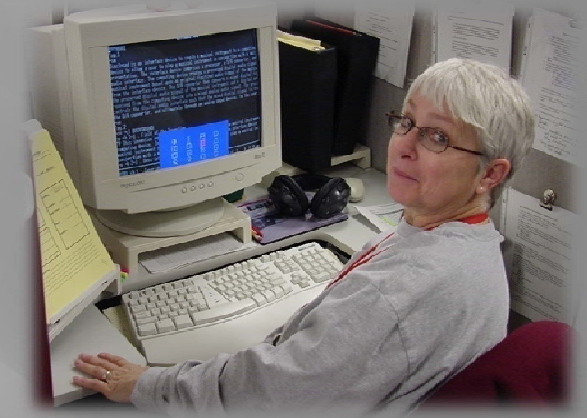

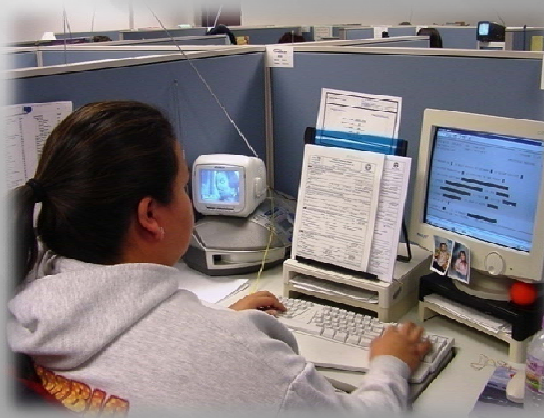

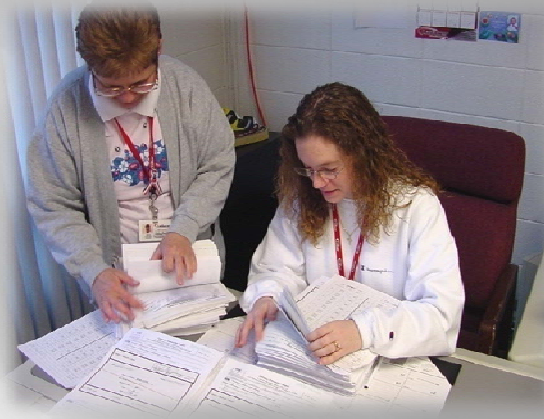

Laducer's Mandan operation is housed in a 21,890 sq. ft. facility and has passed an onsite security inspection. The business atmosphere is professional and friendly.

The facility is monitored 24/7 and includes video surveillance and electronic security with restricted access.

IRS Production

- ❑ 2 onsite and 1 offsite production areas dedicated to contract.
- ❑ Over 150 data key operators process CTR documents and possess security clearance.
- ❑ In-house development of software.

RTIS Production

- ▣ 1 onsite and 1 offsite production areas.
- ▣ Over 60 processors provide data keying, editing and proof-reading services for U.S. patents.

FWS Production

- ▣ Provide data entry, scanning and quality control check of declarations for importation or exportation of fish and wildlife.
